

Checklist for Licence holders to complete before applying for a new grant or renewal of Licence

Dog Day Care Businesses

Once you apply for a Licence you are essentially telling the Council that you are ready to start caring for animals as a Dog Day Care Business. You are therefore confirming that your premises are suitable and compliant with the legislation and statutory guidance and that you have all the necessary paperwork in place.

If you do not have the necessary paperwork in place or your premises are not structurally compliant, then your application may be refused. At that point your application fee is forfeit and you will need to re-apply in the future and pay a new fee.

The statutory guidance can be found on the GOV.UK website:

<https://www.gov.uk/government/publications/animal-activities-licensing-guidance-for-local-authorities/dog-day-care-licensing-statutory-guidance-for-local-authorities>

Template/example policies and other documents can be found on our website:

www.preston.gov.uk/animallicensing

This checklist has been prepared in good faith however it is the responsibility of the License holder/owner to ensure that the documents they use in the course of their business satisfy the requirements of the licensing conditions.

If the documents in the checklist do not apply to your business, for example 'consent to mix dogs under the age of 1 with other dogs', then you do not need that form. However we would expect to see something in your policies that reflects that position, for example 'Dogs under 1 will be kept separate from adult dogs and never mixed'.

You are not limited to having the documents on the checklist. The checklist aims to cover the minimum requirements.

Relevant Condition	Requirement	Tick ✓
Part A, 1.1	Is your current Licence on display, or can it be easily displayed when clients visit the property?	
Part A, 1.2	Is the name of the Licence holder and the Licence number displayed on all websites that you use? (company website, facebook, Instagram etc) For example 'Michael Bloggs AW5678'	
Part A, 2.0	Are all records readily available for inspection and kept for three years?
