

## Template Forms for Licence Holders

Dog Breeding Businesses

These pages contain example forms the Licence holders may choose to use in a Licensed Breeders Business, you are not obliged to use these templates. These documents have been prepared in good faith however it is the responsibility of the License holder/owner to ensure that the documents they use in the course of their business satisfy the requirements of the licensing conditions. The documents will help the Licence holder comply with the minimum conditions required in the Statutory Guidance for Dog Breeders. You may make more records if you wish too.

The statutory guidance for dog breeders can be found on the GOV.UK website:
