

# INVESTING IN FIGHTING CRIME BUDGET 2023/24

“In my role as Police and Crime Commissioner I will continue to lead the fight against crime and work closely with the Constabulary to ensure that all residents receive the policing service they deserve.

“With yours and the Government’s support, by the end of March 2023 Lancashire Constabulary will have recruited an extra 612 officers since 2020. However, we are not yet feeling the full benefits of the investment, with lots of officers still in training and specialist new teams being established.

“The backdrop of inflation, pay, utilities and fuel costs all rising is challenging for budget setting. I know this is a difficult time for Lancashire residents and this is also reflected in financing our police service. However, in setting the budget, a multi-million pound programme of efficiency savings will be delivered to protect front

line policing and reduce the potential burden on taxpayers.

“86% of residents who responded to my recent budget proposals survey would like to see Lancashire Constabulary receive more funding. Every penny of the 6.34% rise in council tax precept for 2023/24 - equivalent to 29p a week for a Band D property (19p per week for a Band A property) - will be spent to ensure that frontline policing is protected to tackle crime and anti-social behaviour.

“My budget decision will allow Lancashire Constabulary to continue to deliver on your priorities, increase visible policing and invest in critical infrastructure to take the fight to criminals and keep Lancashire safe.”
